

March 23, 2020

Dear Valued Partner,

As we continue to understand the impact of the COVID-19 virus, SiMEDEx remains committed to the wellbeing of our employees, business partners and local communities and have already taken decisive actions to protect our team's health, safety and security. We have instituted a rigorous work from home program for our office staff and continue to stress appropriate social distancing and hygiene protocols with our entire work force.

Products manufactured at our Paso Robles, CA facility directly and indirectly supply the world with materials that are **essential** to the medical industry.

SiMEDEx will continue to operate all manufacturing operations at capacity. To date, we remain fully operational.

These are challenging times and the more we communicate, the better we can work through this to maintain operations as expected.

Thank you for your continued partnership. We will all get through this together. Stay safe and healthy!

Best Regards,

Paul Mazelin
President
SiMEDEx Inc.
